3rd. Every candidate who desires to have his name printed on the ballots to be used in said primary election shall on or before 12 o'clock midnight of the 22nd day of January, 1909, deposit with the treasurer of the committee the sum hereby fixed as the entrance fee in the race for the office for which he is a candidate, said sum so realized to be used in defraying the expenses of the primary. At the same time the candidate shall give written notice to the chairman that he desires to be a candidate, and name the office he seeks.

President Helps Orphans.

Hundreds of orphans have been helped by the President of The Industrial and Orphan's Home at Macon, Ga., who writes: "We have used Electric Bitters in this institution for nine years. It has proved a most excellent medicine for Stomach, Liver and Kidney troubles. We regard it as one of the best family medicines on earth." It invigorates the vital organs, purifies the blood, aids digestion, creates appetite. To strengthen and build up thin, pale, weak children or run-down people it has no equal. Best for female complaints. Only 50c at Penny's Drug Store.

December was the warmest month on record. The mercury went up to 70 degrees on the 17th and was the lowest at 15 on the 2nd. The precipitation was 1.25 below the average being 2.13 of rain and 0.5 of snow.

There is no case on record of a cough, cold or la grippe developing into pneumonia after Foley's Kidney and Urine Remedy has been taken, as it cures the most obstinate deep seated coughs and colds. Why take anything else. New Stanford Drug Co.

To The Democrats of Lincoln County.

A short time ago I made formal announcement of my candidacy for the democratic nomination for jailer of Lincoln county. The knowledge that men desire to know more of a candidate than may be gathered from the card of announcement, prompts me to make this public statement. My entire life has been spent in this county, so that it is useless to suggest the sources of information concerning my standing as a citizen.

This race is for the nomination of the democratic party, however, it may be proper to refer to my political life that you may know how well I may claim to be a member of that party. Since I was 19 years old my unhesitating allegiance has been given to the democratic party, though my earliest service was rendered at a time when minority prevented my casting a vote. In every contest that has been waged since my first vote was cast I have both voted and done whatever was within my power to assist in the election of the democratic ticket. Though taking no conspicuous part in these contests, I have nevertheless, given the best energies I possessed to the cause, and none can say that I have ever faltered in my allegiance to my party.

Within the past 12 years three campaigns have attracted special notice because marked by dimensions within the ranks that resulted in the withdrawal of many democrats from the party. I refer to the campaigns of 1896, 1900 and 1904, still fresh in the memory of every voter. In 1896 I voted for Bryan, in 1900 for Bryan, in 1904 for Parker and for Bryan in 1908. Not only this, but more was done that may serve to show that the distress of the democratic party has never found me indifferent.

I do not mention these facts boastfully for I conceive it to be the duty of every man who claims to be a democrat to support the nominees of his party. My only object is to indicate that I have allowed nothing to detract from my loyalty to the party, whose nomination I now ask.

Three years ago last November I was elected assessor of Lincoln county and since that date have been actively engaged in the duties of my office.

The records of the assessor's office are public, open to inspection at all times and I invite the closest scrutiny of the office by those who wish to know in what manner I have served the people of this county as an officer. Doubtless I have made mistakes, but I doubt if any one will charge that they have been either many or gross, and it has never been intimated that they have been the result of either inefficiency or neglect.

A candidate for public office can in no way make better proof of his fitness than by an honest and efficient service in the public stations he may have occupied in the past. I make no claim to signal accomplishments in the office I hold, yet I am willing to have my record examined and to submit to whatever judgment may result.

If nominated I shall do all in my power to secure the election of the ticket as well as myself, and if elected I shall endeavor to render the full measure of service required of the office.

To those who shall see proper to give me their support I shall be deeply grateful. Very Respectfully,

W. A. CARSON.

A Religious Author's Statement.

For several years I was afflicted with kidney trouble and last Winter I was suddenly stricken with a severe pain in my kidneys and was confined to bed eight days unable to get up without assistance. My urine contained a thick white sediment and I passed same frequently day and night. I commenced taking Foley's Kidney Remedy, and the pain gradually abated and finally ceased and my urine became normal. I cheerfully recommend Foley's Kidney Remedy. New Stanford Drug Co.

NEWS NOTES.

George B. Salender, Sr., aged 66, died suddenly at Frankfort.

Beach Hargis was fined \$96 and given 20 days in jail for his rampage at Jackson.

William Douglas was shot and killed by Arthur Melherson in a blind tiger near Jackson.

Dr. A. J. Beale, ex-Confederate and first mayor of Oklahoma City, Okla., is dead at Cynthiana.

Judge Matt Walton, of Lexington, was appointed by Gov. Willson a special Judge in the Pulaski Circuit Court to try cases during the absence of the regular judge for the next six days.

Four men lost their lives and a number of others had narrow escapes when the steamer Samuel, in charge of Pilot Hogland, crashed into a log raft in a heavy fog near Rockport on Green river.

Banker Griffiths, of Walton, has sued O. M. Rogers and B. F. Graziana, a couple of Kenton county lawyers, for \$25,000, because they brought suit against him for divorce, when they knew that his wife was insane.

Typhoid fever has broken out at Messina and physicians at Rome fear that an epidemic will get a start that will carry the disease beyond the stricken district. Some reports say that the disease is dysentery, which is regarded as equally as dangerous as typhoid fever.

A dispatch from Greensburg says E. E. Perkins has resigned as Sheriff of Green county because of the decision of the United States Supreme Court, making Green county liable for \$250,000 worth of bonds voted to aid in the construction of the Cumberland and Ohio Railroad in 1871.

Another attempt to liberate Harry Thaw from the insane asylum at Matteawan was made. Counsel obtained from Justice Tompkins, of the New York supreme court, a writ of habeas corpus compelling the asylum authorities to produce Thaw before that justice at Nyack Saturday.

In 24 hours after being released from jail, at Irvine, on bond, Beach Hargis, recently tried at that place for the murder of his father, proceeded to his home at Jackson, and made things lively. It is alleged he got drunk and shot up the town. He was arrested after an all-night and day debauch and placed in jail.

Four prominent young men of Louisville—Howard Bellows, Norvin Green, Fred S. Breyfogle and J. E. Kemp, and Miss Mary Boswell, a member of Lexington's social set, had a narrow escape from death when the automobile in which they were riding plunged over a Kentucky-river cliff at Clay's Ferry. No fatal injuries were received by any of the five.

Sensational evidence developed in the investigation of the killing of Mrs. Annie Major in Garrard. Her brother, Andrew Broughton, and husband, Chas. Major, were both arrested and placed in jail on warrants charging them with the killing. Major claims Broughton killed Mrs. Major in an attempt to assassinate him and Broughton claims that Major killed Mrs. Major. Mrs. Major was killed last Thursday night while acting as hostess at a family reunion at her home at Buena Vista.

A Horrible Hold-Up.

"About ten years ago my brother was 'held up' in his work, health and happiness by what was believed to be 'hopeless Consumption,' writes W. L. Lipscomb, of Washington, N. C. 'He took all kinds of remedies and treatment from several doctors, but found no help till he used Dr. King's New Discovery and was wholly cured by six bottles. He is a well man to-day.' It's quick to relieve and the surest cure for weak or sore lungs, Hemorrhages, Coughs and Colds, Bronchitis, La Grippe, Asthma and all Bronchial affections. 50c and \$1. Trial bottle free. On account of his active fight against "bootleggers" and "blind tigers," City Attorney W. H. Haney at a mass meeting of citizens, was voted the most popular man in Corbin and a banquet will be given in his honor January 12.

MIDDLEBURG.

The Spring term of Middleburg Normal College opened Tuesday with a fairly good attendance. A. E. Wesley has charge of the intermediate grades and Miss Bessie Lee the primary.

The meeting at the Methodist church, which has been in progress for some two weeks, will likely continue for several days. Rev. J. L. Owens will preach his first discourse as pastor of the Baptist church Sunday.

Warrants have been issued for Rol Black and David Clark, charging them with disturbing a singing school at Calvary church, four miles south of Yosemite, and they will be tried Saturday. It is claimed that the boys got on a "whiz" and going to the church, greatly disturbed the teacher and his class.

It is said that timber men and others working in the woods in this county, have ceased operations until after the republican primary Jan. 16. Candidates were so thick that there was danger of felling trees on them. In some localities it is said that the dogs have ceased to bark at them they have become so common.

Hart Coffey is a candidate for the republican nomination for constable in this district. Hart has been weather prophet for the Yosemite people for a number of years, but his predictions were so much at fault that he became disgusted and has concluded to try politics for awhile. Mr. Coffey is one of the best of fellows and will doubtless get the plum for which he is reaching.

Rev. J. S. Taylor filled Rev. Hunt's pulpit at the Methodist church Sunday and preached a most interesting sermon. He dwelt at length on the subject of sanctification and it seemed to us that his remarks ought to set at rest the new idea of the subject as taught by some. Uncle Josh, as he is familiarly known, preaches Bible sanctification but does not hold to the new theory a "little bit." His discourse was interesting and was accorded the best of attention.

Miss Bessie Winfrey and little sister, Linnie, were here Sunday with Miss Bessie Lee. Q. R. Jones is at Liberty this week doing duty as supervisor. Rando Brown, of Liberty, was here Monday. Herbert Jones cashier of the Warthurg, Tenn., bank, joined his wife here Saturday. Mrs. Jones has been visiting her parents at Dunnville. J. P. Wilkerson was here Monday on business. Robert Allen, of Boyle, this county, came up Monday and brought his daughter, who has entered school here.

Evangelist Herr's Remarkable Service.

THE INTERIOR JOURNAL republishes herewith from the Kentucky State Journal a contribution by Rev. Joseph Severance, chaplain of the Frankfort penitentiary:

One of the most remarkable meetings in the annals of the prison was held in the chapel of the penitentiary Sunday morning. George T. Herr, of Louisville, a friend of Chaplain Severance, was present and spoke from the fourth and 12th chapters of the 103rd Psalm. The sermon was a strong appeal to the men for gratitude to God for the rich provision made for the redemption of the race and urging them to accept of the mercy of God and allow Him to remove their sins from them "as far as the East is from the West." The chapel was crowded to the doors and during the sermon that lasted an hour no one moved and none went out.

At the close of the sermon the gospel invitation was given and a total of 52 men came forward, some to confess faith in Christ, (of these there were 37) and others to renew their vows. Hundreds asked for prayer in their behalf. Among those who came were some of the hardest men in the prison and more noted for insubordination and disobedience than for piety and morality.

But the chaplain believes that the per cent. of those who remain true is as great among prisoners as among those outside.

Bro. Herr knows the prison work as few men do. He is a man of large sympathy and having had an experience of 15 years as an evangelist, knows how to reach the hearts of the men. He has the entire confidence of both prisoners and officials and is always given a most hearty welcome by all.

The baptism of the 37 men who made confessions Sunday will be attended to next Sunday morning. Mr. Herr will return for the baptism.

ON the first of the year the national treasury showed that the actual cash on hand was eight millions below the working balance. The low condition of the actual cash, it is believed, forebodes an early call upon the banks for a return of part of the government deposits. And this in the face of republican prosperity.

ROB STOVALL, of Knox county, was sentenced to 119 years in the penitentiary. He was first given two sentences of 10 years each for robbery and then 99 years for murder. Rob will be almost as old as the ancient Matuselah should he serve the entire term, which of course he will not.

THE fire loss in the United States and Canada in 1908 was larger than in any year before that did not have great conflagrations. Thirty-two years ago the loss was under \$70,000,000; last year it was \$238,562,250. True it is that fire is a good servant but a hard master.

LAST year was a pretty stiff one in the financial world, and benefactions were of course smaller, but the compilation made by the Chicago Tribune shows that the gifts of the living, leaving out of course, small ones, exceeded \$13,000,000. Pretty good for an off year.

It is now in order for Senator Bradley to come out in another letter eulogizing Beach Hargis. Something will have to be done to counteract the effects of his drunken orgie at Jackson the other night.

PRESIDENT LEBUS, of the Burley Tobacco Society, comes high but he seems to think the society has to have him. He now asks for a salary of \$10,000 a year and we predict he will get it.

POLITICAL.

Charles J. Hughes, Jr., of Denver, will be the new democratic Senator from Colorado.

Thomas Honan, of Seymour, was nominated for speaker of the Indiana House of Representatives at the Democratic caucus. The Democrats have ten majority.

An appropriation of \$100,000 is made for the purchase or erection of a building in Paris, France, for the residence of the American Ambassador there by a bill which passed the Senate.

Representatives Patterson, Lever and Legare, Democrats of South Carolina, will retain their seats in the House. This decision was reached by the unanimous vote of the Elections Committee No. 1.

John C. Duffy was endorsed for the democratic nomination for circuit judge by the democratic committee of Christian county. He and his two rivals in his home county agreed that the losers should retire in favor of the man endorsed.

The Tennessee Legislature met Monday in Nashville. The Democratic members who favor State-wide prohibition by ignoring caucus action and effecting a coalition with certain Republicans elected the Speakers in both houses.

Bountiful provision for the earthquake sufferers of Italy was made by Congress by unanimous vote. The sum of \$800,000 was granted almost immediately after the reception in both houses of a message from the President calling attention to the calamity and the pressing need for aid for the stricken people of a sister Nation.

A Statewide prohibition bill was introduced in the Tennessee Senate by Senator Hildaday. The bill is a practical reaffirmation of the four-mile law now in force with the exceptions in the old law omitted. Later, it is understood, a measure will be introduced prohibiting the manufacturing of intoxicating liquors in Tennessee.

The dismembered body of Rev. John H. Carmichael, a Methodist minister, was found partly consumed by fire in the two heating stoves of one of his three churches near Columbus, in the Southwestern part of St. Clair county, Mich.

The unanimous thanks of the brethren are extended to Hon. J. N. Saunders for his most excellent work here last meeting.

On Thursday, Dec. 31, in Lexington, George L. Bradley, of Lexington, and Miss Dollie Cabbell, of Hustonville, were married by the pastor of Broadway Christian church. This wedding was the culmination of a short acquaintance, accelerated by love at first sight, and was quite a surprise to the friends of the bride, who thought another had won her. Mr. Bradley is a native of Bourbon county and holds a lucrative position with the L. & N. in Lexington, where they will go to housekeeping. They spent Sunday here with the bride's mother. They have the best wishes of every one.

In as much as the Blue Grass Special was run to Moreland for the benefit of the citizens of this place and surrounding country, it behooves us to encourage the traveling public to avail themselves of this special service. Much depends upon this. It is a plain business proposition that unless it pays a reasonable return it will not continue to come to Moreland every night, as it is now doing. The early hour, 5:45 A. M., at which it leaves for Cincinnati, prevents many from using this train. As winter passes, this should not be an excuse. The shipments of poultry by express from Moreland are equal to that of any station on the line and the shippers all prefer this train. They are doing their duty faithfully and well. As Casey county citizens travel much, their attention is called to this feature also. They can help save the coffers of the company by taking a little Blue Grass "in their." Every passenger helps and every monthly increase in receipts at the Moreland office will give us greater confidence that we will receive the benefits of this special train.

To Our Customers Present and Prospective.

The Indian Refining Company has now been doing business in and around Stanford about a year and we take this opportunity to assure our many customers of our sincere appreciation of their patronage and our earnest desire to serve them at all times and also to solicit new business.

It is a well-known fact that our competitor has been active and strenuous in their efforts to take away our business, but in the face of all their efforts we have enjoyed a fair per cent of the trade for which we are grateful to a generous public. A fair share of the business is all we ask and hope that our friends can see their way clear to continue to give us this. We have a fully equipped distributing station at Danville, Ky., and carry a complete line of burning oils and gasoline and can make immediate shipments of all grades of lubricating oils and greases from our refinery at Georgetown, Ky., the largest manufacturing institution in the State. We are absolutely independent of the trust and to again prove this, we publish the sworn statement of the president of our institution.

Should any person make the statement to you that we are part of any other company have them put the statement in writing, then send us the statement and we will hand it to the proper legal authorities and these untruthful statements will cease. We have many unsolicited testimonials as to the quality of our goods and only ask the prospective customers to give us a fair trial and let the results speak for themselves.

The Future

We must look to. The year just passed has done us all the good or evil it can. In some respects it has been a remarkable year as it has brought with it the usual unsteadiness in business affairs attending presidential years. Once more let's put our shoulders to the wheel and work together and success is sure. We thank you for your patronage in 1908 and ask a continuance for 1909.

Seasonable Goods

MANAGER R. F. ROUT, of the Stanford Water, Light & Ice Co., tells us that if the water patrons are economical it will not be necessary to shut off the water supply each day, as has been the case since the fearful drought got on its worst. MR. J. W. FOLEY, candidate for assessor, a good democrat and the cleverest kind of a man, asks us to nail the silly lie that has been started on him, i. e. that he can not sign his name. MESSRS. I. M. BRUCE and Dink Farmer, candidates for jailer, are having the town polled with the understanding that the gentleman receiving the fewest votes will retire from the race. There is a good deal of speculation as to which of them will run in the primary of February 6.

THE Christian Endeavor of the Christian church will have a social meeting in the church on Friday evening Jan. 8, at 7:30 o'clock. They extend a most cordial invitation to the members of the Young Peoples Societies of the Baptist, Methodist and Presbyterian churches to be present. W. Morrison Knight, President.

TO THE DEMOCRACY OF LINCOLN COUNTY:—I find that it will be impossible for me to make an active canvass of the county for the nomination for jailer owing to the condition of my business affairs, and hence have decided to withdraw from the race. I am very thankful to my many friends for their generous support in my race and hope I will some day be privileged to favor them. Thomas W. Gooch.

HUBBLE.

Dr. Pearce will fill his pulpit at the Methodist church Sunday morning.

Elder W. G. Montgomery resigned his pastorate here and has accepted a call to the First Christian church in Meridian, Miss. He made many warm friends here who were sorry to give him up.

Miss Mary Roberts has returned to Somerset after a pleasant visit to Miss Mary Rankin. The children and grand children of aunt Retsey Spoonamore met Jan. 7th at her home, with baskets of good things to celebrate her 90th birthday.

Miss Jewell Spoonamore entertained about 60 young people very charmingly Monday night. The house was elaborately decorated in holly and mistletoe. The dining room was in red and green, presenting a lovely appearance. About 10 o'clock delightful refreshments were served and at a late hour the crowd reluctantly dispersed, feeling much happier for having been there.

Miss Lucy Spoonamore, of Hubble, entertained during the holidays in honor of Miss Sybil Spoonamore, of Indianapolis. More than 60 guests participated in this social function. That the entertainment was a success goes without saying as both the visitor and hostess are admired for their rare beauty and many accomplishments. The many delighted guests promised a return visit on the last day of the year to do honor to the hostess' anniversary. This dining was enjoyed by more than half a hundred guests whose ample appetites did justice to the many course dinner ranging from turkey to ices and cakes. The guests lingered long after dinner listening to the sweet music on many different instruments from piano to violin. All pronounce Miss Lucy the greatest natural musician in all their knowing. G.

Garrard Brewer and Miss Elsie Leonard, popular young people of Harrodsburg, drove to Danville where they were united in marriage at the Gilcher House by Elder Garrison.

Frank Barnett, of this place, and Miss Elsie Moore, of Boyle, went to Lexington Wednesday and were united in marriage. They returned to Stanford and are at home to their friends at his home on East Main street. The groom is an industrious, energetic and clever young man, while his bride is very pretty and exceedingly popular. She is a daughter of Mr. and Mrs. J. J. Moore and has a number of acquaintances in Lincoln county. The INTERIOR JOURNAL joins their many friends in wishing them a long, happy and useful married life.

County Roads.

In this materialistic age county roads seem to be the one thing least understood and most neglected. The county should have little to do with its roads except to provide the more expensive bridges across the water ways. Turnpikes should be built and kept in repair by a tax on benefited property. Such tax should be assessed by a disinterested committee of business men acceptable to those concerned but appointed by the county court, and paid for their services by the court. They should be required to make a thorough examination of property, hear complaints and make final reports, from which there should be no appeal. A turnpike should be made when three-fourths of the property assessed by the county assessor votes for such improvement, each \$100 of assessed property having one vote. The turnpike should be built under the supervision of a committee of interested persons and be entirely a business proposition. The county should have little to do with it. It costs the county \$40,000 to build and cover in a new court house while a private citizen can put up a better building across the street for \$10,000—and so with a turnpike.

The roads belong to the people who live along them, whether turnpike or unimproved and their property valuation is enhanced or depressed by the condition of such roads.

All county roads should be under control of a commissioner appointed by the county court with a salary, and all his time should belong to the county. He should be a many sided man. A teacher as well as a stern county officer with authority to widen and straighten roads or move them in rare cases, the county paying damages where property is more damaged than benefited. He should be a man of persuasion or stern qualities, as occasion demands. He should make road building and road mending his constant study.

The county should furnish him with necessary tools for mending and repairing in the several sections of the county. He should have a horse and wagon sufficient to move these tools when most wanted, and the farmers should keep him and his horse free when his work called him. Each road or section of road should have a competent overseer appointed by the county court and every able bodied man between 16 and 60 should be required, if called upon, to give three days in the Spring and three in the Fall to the road or furnish an acceptable man in his place. All freight wagons with narrow tires hauling loads of 1,000 pounds or up should be taxed out of existence by the Legislature when next it convenes. Tires on such wagons should not be allowed to be less than four inches. A tax of \$1 the first year, \$2 the second and so on up to eight or \$10, would put them, the narrow tires, out of commission and the wide tires would make roads instead of destroying them. J. A. PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. The effect is charming, pleasantly delightful. Centuries ago, it surely equalled the blood circulation.

If you have a headache, it's blood pressure. If it's a painful period with women, same cause. If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Brace your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense.

We sell at 25 cents, and cheerfully recommend
